sd-porfolio.vercel.app

Last-year IT student at IT University, currently finishing an AI internship at PULSE (Axian Group). I build scalable web applications with Java/Spring Boot and React/Vue.js, and I recently specialized in AI/ML with Groq, RAG, and vector databases.

PROFESSIONAL EXPERIENCE

AI Developer Intern | June – August 2026

2026

PULSE – Axian Group

- Developed an AI agent integrated into Alfred (network supervision OSS) to automatically suggest solutions to technicians based on ticket history using RAG + Groq/LLaMA.
- Designed a **technician recommendation system** based on availability, skills, and geographical location, and built a **predictive model** (LightGBM) to forecast future alarm types from historical data, with feature engineering on millions of records.

Visaverse AI Hackathon

2025

DevPost - online

- Fullstack TS/Spring Boot
- Integration of OpenAI, Gemini, and Google Search APIs
- Deployment using Vercel, Render, and PostgreSQL

IDEATHON AXIAN ESTI

2024

ESTI

- 1st place among 20 teams
- Designed an AI-based service application project

ACADEMIC PROJECTS

Orienta : Typescript/Spring-boot

AI-powered platform for job search and training opportunities

Pong Chess : C# (windows form + .NET)

Multiplayer 2D game online

Custom Java Framework (Core Java)

- Developed a Spring-like framework featuring dependency injection (IoC) and annotation-based configuration
- Inspired by the architecture of Spring Boot

BACK_OFFICE : (Core Java / Custom Framework)

Demonstration of a self-developed framework

Taxi_brousse : Spring-boot

- Developed an online booking API for intercity taxi services in Madagascar

Rend Prediction: Python (Flask)

ML-based rent and land price prediction model

FORMATIONS

Bachelor Degree in Computer Science

2024 - Today

IT University

Computer Science

2023 - 2024

ESTI Antanimena

COMPÉTENCES

Backend : Java/Spring Boot • Node.js • Python

DevOps : Git • Docker

Frontend : React • Vue • TS

IA/Data : OpenAI • Gemini

Bases : PostgreSQL • MySQL • MongoDB

LANGUES

Anglais : Intermédiaire

Français : Advanced

Malagasy : Native

LOISIRS

Video Games

Football
